Agenda

1 Compliance requirements in New Zealand

2 Successful payroll transformations

3 Steps to strengthen compliance

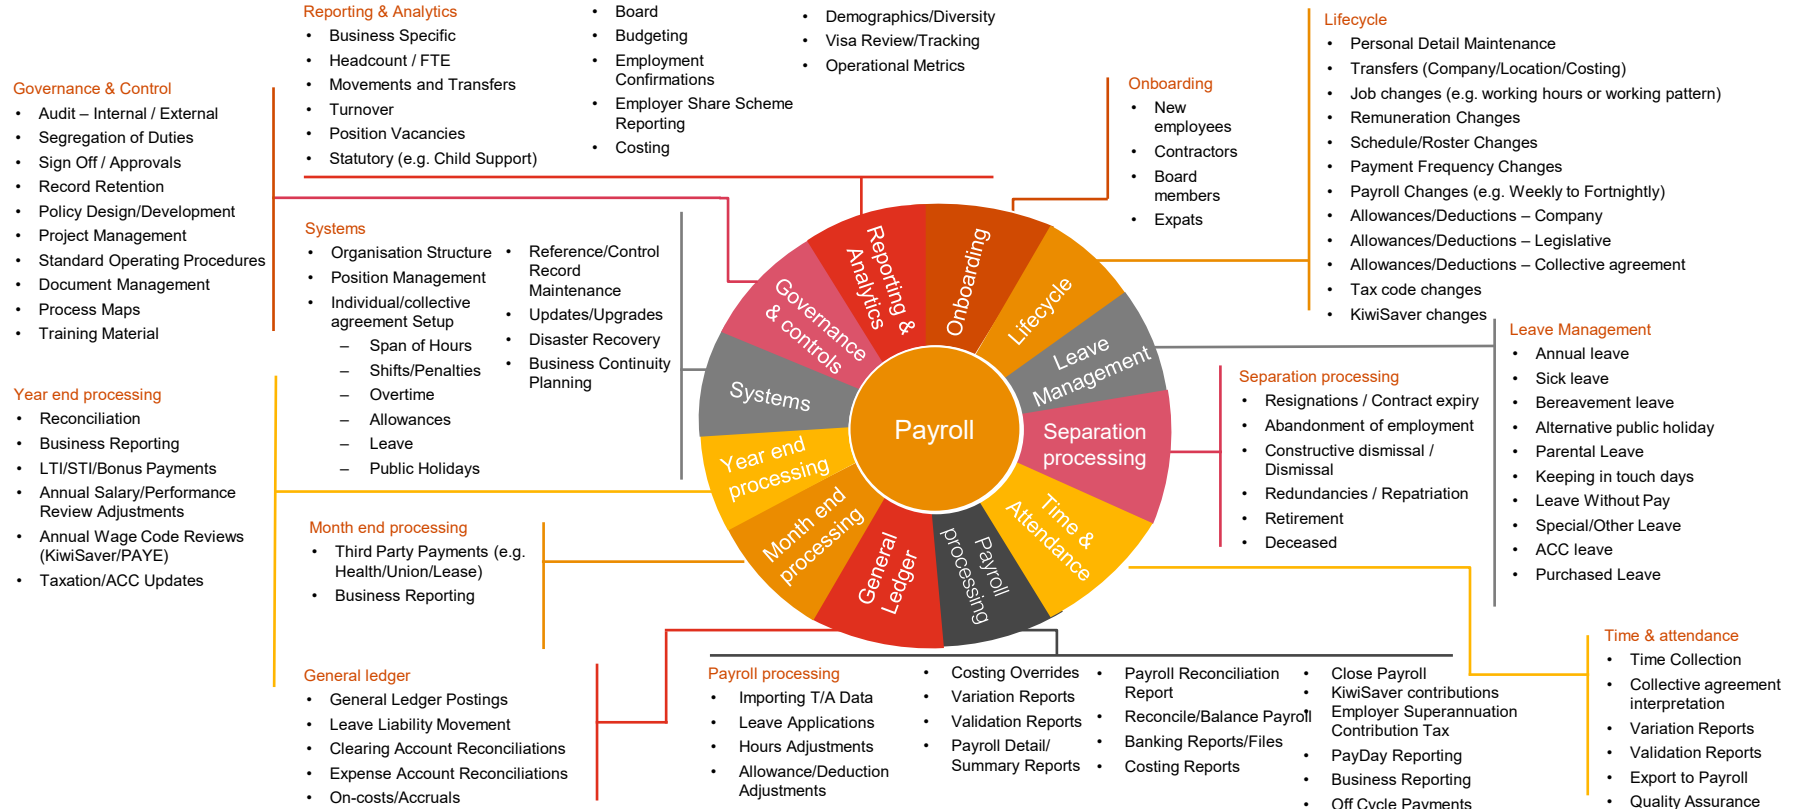

1

Compliance requirements
in New Zealand

New Zealand payroll responsibilities

Common compliance challenges

Non-compliance with Holiday Act provisions

Manual processing without established controls

Inaccurate treatment of allowances for KiwiSaver and PAYE purposes

Limited documentation supporting key processes

Technology is no longer supported or reached end of life

2

Successful payroll transformations

What is payroll transformation?

“The process of implementing improvements across payroll delivery, focusing on improvements to people, processes, technology and governance.”

Daniel Lonie

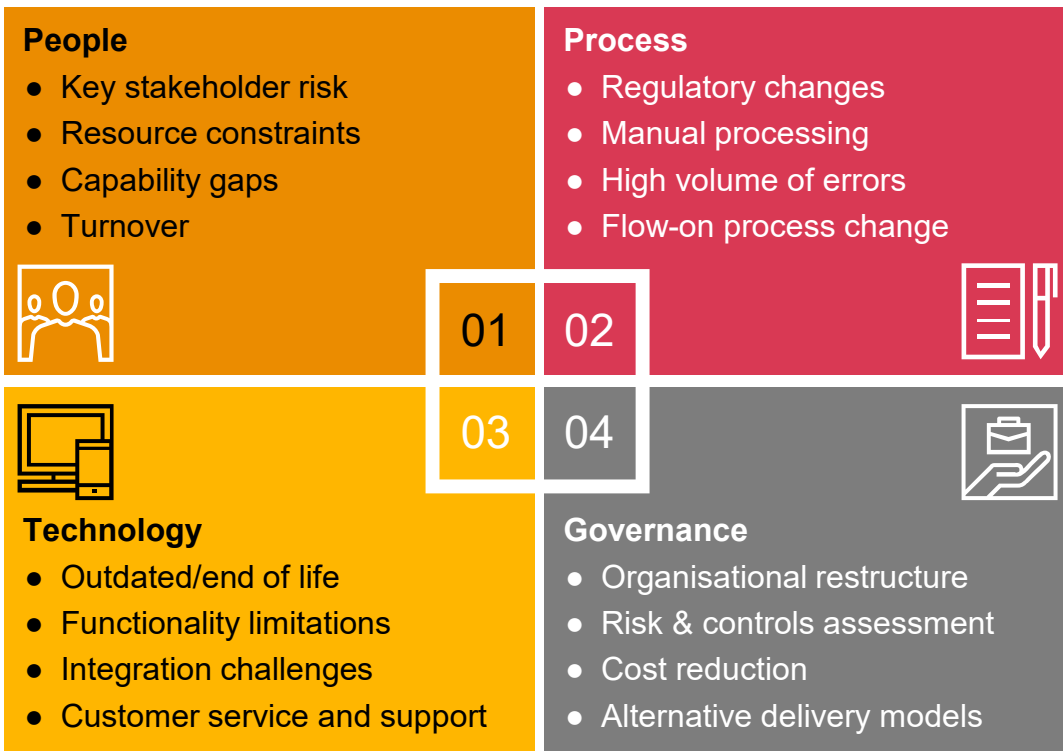

Payroll transformation can be targeted initiatives, it doesn't necessarily need to be an overhaul of an entire function.

Payroll transformation is often required when strengthening payroll compliance for employers, and it's important to get it right!

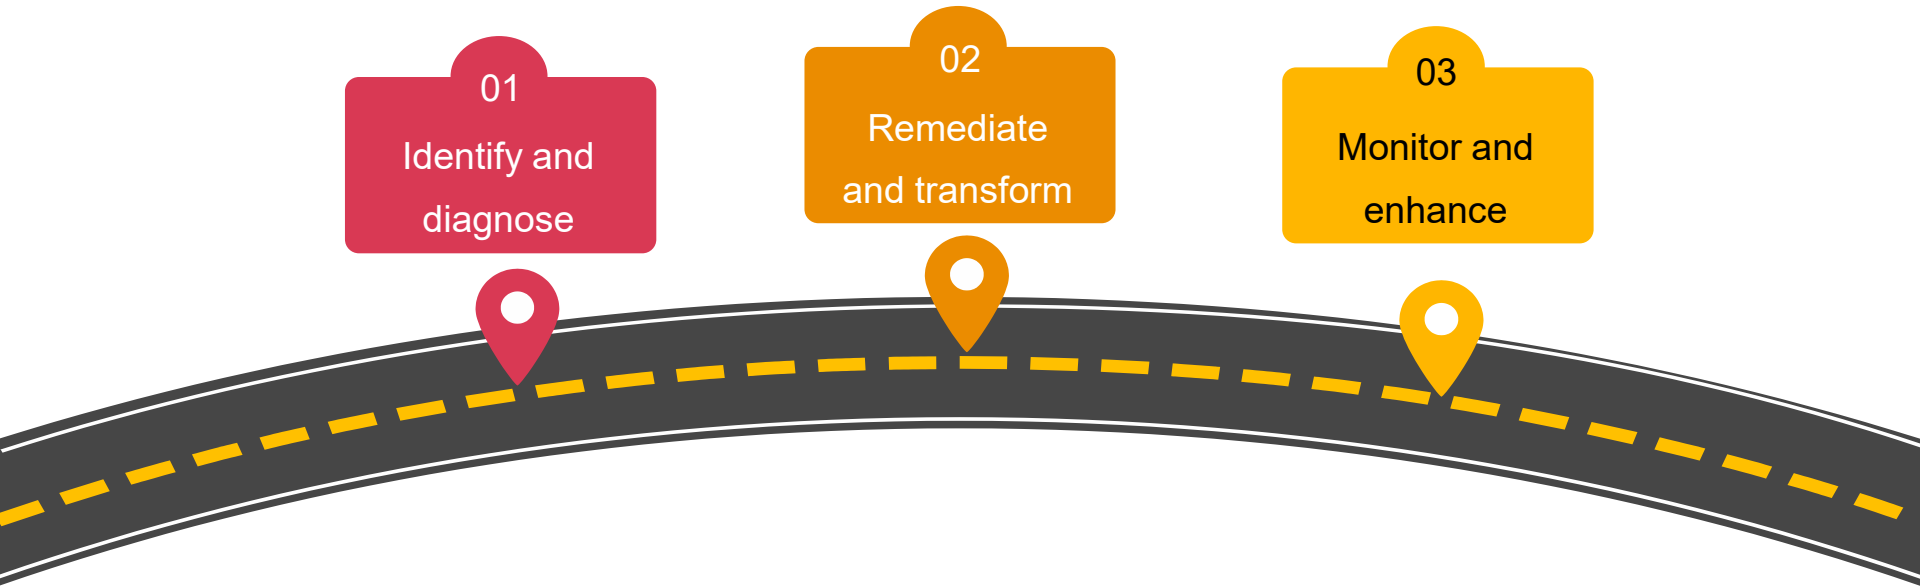

Key drivers of payroll transformation

Transformation horizons

Attributes of a successful transformation

Universal attributes

Getting the right people involved.
This may include Payroll, HR,
Finance and Legal

Establish a clear objective
and success criteria

Establish roles and
responsibilities

Keep a record of risks and
decisions made

Communication is
key!

Consider change
management activities early

Attributes of a successful transformation

Identify and diagnose

- Perform an assessment of the current state
- Assess business risk and quantify impact
- Prepare a business case

Remediate and transform

- Set a timeframe to implement
- Involve the right subject matter expertise
- Check in and review progress on a regular basis

Monitor and enhance

- Gather feedback
- Review key performance indicators and adherence to service level agreements
- Reporting and analytics
- Consider future enhancements

Example - Query management solution

Transformation driver

Payroll team had difficulty managing SLA timeframes for query responses. There was limited reporting capability to identify trends/themes

Objective

Reduce burden on payroll team and improve efficiency for employees.

Identify and diagnose

- Large volumes of payroll queries (circa 2000 per month)
- Current system was not fit for purpose

Remediate and transform

- Defined business requirements, conducted an RFP with demo evaluation
- Developed knowledge base articles and templated responses
- Implemented new technology introducing new capabilities

Monitor and enhance

- Reduction of payroll queries
- Dashboard overview of aged queries for escalation
- Knowledge base article feedback mechanism
- Expand capability to develop employee forms for processing

Key takeaways

- Transformation is an enabler of compliance (if it is done right!)
- Payroll should be involved throughout the transformation journey
- Document objective/s and keep a record of risks and decisions made
- Plan realistic timeframes for implementation/change management
- Monitor and review effectiveness post transformation
