

PAYROLL – ADDING VALUE TO BUSINESS

**New Zealand
Payroll Practitioners
Association**

Developing and Supporting
Payroll Professionals

Your payroll professional adds value to your business through:

- Managing one of the largest costs a business has (being labour costs).
- Ensuring all legislative requirements are being met and keeping up with the changes.
- Developing processes and practices to pay employees on time and correctly.
- Providing a wealth of employee information for the business to use in effectively managing its employees.
- Being your onsite SME on all payroll matters for advice and support of the business and its employees.

Payroll Myth: There is no payroll system that can do everything required in payroll, what holds it all together is your payroll professional!

**Your payroll professional takes the confusion out of pay
so you get paid!**

Give a big **THANK YOU** to your payroll professional during National Payroll Week for the important job they do.

National Payroll Week was founded in New Zealand by the New Zealand Payroll Practitioners Association to develop and gain recognition for payroll professionals.

NATIONAL PAYROLL WEEK

10-14 September 2012
